# FACT vs FICTION:
ADOPTING WINDOWS 10 TO ACHIEVE LIMITLESS LEARNING

daisy.

Transform classroom time and meet the unique needs of all students, with Windows 10 devices and Office 365 Education to improve learning outcomes.

FICTION 1:

Technology cannot replace great teachers - why do they need Windows 10?

FACT 1:

It's true that no technology can replace great teachers. But Windows 10 can assist teachers with built-in support for interactive tools like digital pens[1] and Microsoft Immersive Reader, a free app to improve reading speed and comprehension.[2]
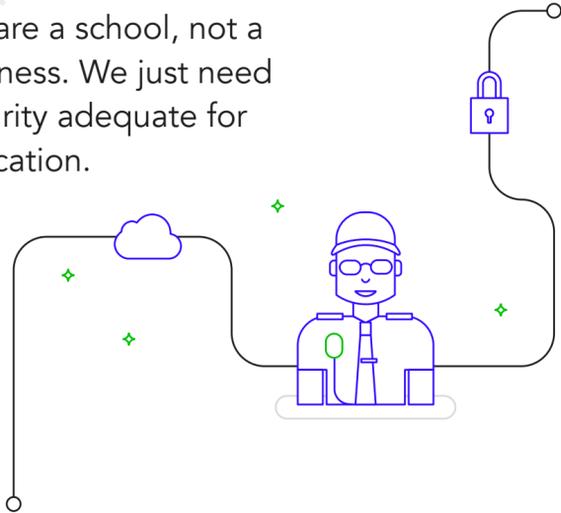

The result? Better student performance.

Studies show that using simplified language increases reading comprehension by

30%[3]

Changing font and line spacing can result in 10% faster reading with 50% fewer errors.[4] Students who use digital pens instead of keyboards scored up to 36% higher on science problems.[5]

FICTION 2:

We are a school, not a business. We just need security adequate for education.

FACT 2:

Schools need strong security too, and Windows 10 offers it's strongest protection for student privacy and information.
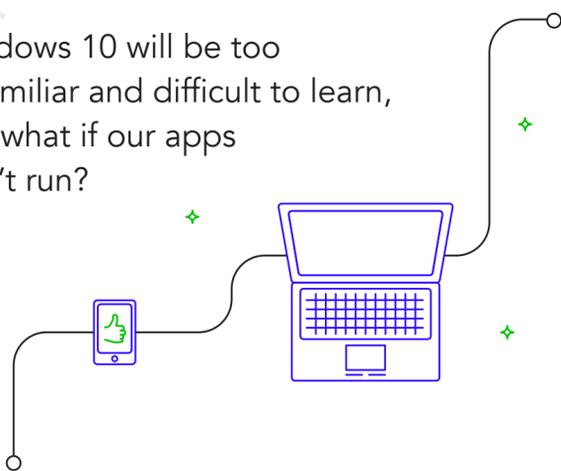

School IT departments report spending

34%

less time handling security issues.[6]

Safeguard school and student information better with the most secure Windows yet.

FICTION 3:

Windows 10 will be too unfamiliar and difficult to learn, and what if our apps won't run?

FACT 3:

With a start menu like Windows 7, Windows 10 is familiar and easy to use. And you can get more value from your existing technology.
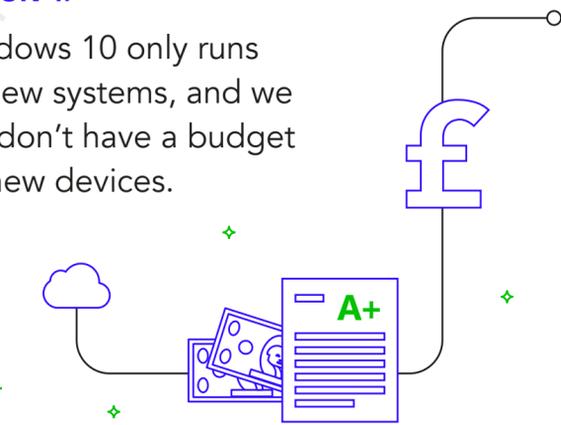

More good news:

99%

of Windows 7 apps are compatible with Windows 10 Pro[7]

At Daisy we can help you confirm compatibility.

FICTION 4:

Windows 10 only runs on new systems, and we just don't have a budget for new devices.

FACT 4:

Daisy can help you find Windows 10 devices for almost any learning need and budget. They also cost less to manage and maintain than older devices.

Reduce total cost of ownership.
Windows 10 can cut the 3-year cost of operations by

37%
for teachers and

24%
for students.[8]

So should you switch? Let's look at some more facts.

Windows 10 devices can help schools meet unique learning styles and improve learning outcomes.

Windows 10 is the most secure Windows ever, with stronger protection for student privacy and information.

Windows 10 is familiar, easy-to-use, and works with your existing apps and technology.

Windows 10 devices are available in a price range for any budget. And they're easier and more affordable to maintain.

We understand that each college and university is unique, which is why we tailor our solutions to your needs. We can deploy Windows 10 across the most complex IT estates, quickly, working with you every step of the way to ensure maximum value is delivered.
