Terms of service

Minus (-) denotes out-payment. Additional charges for number rentals and advanced call management services will apply. Pricing is correct as of 1st April 2022. All prices are charged in pence per minute and include inbound charges and termination to fixed UK numbers only, onward termination to mobile and international charges apply. E&OE. Monthly service rental charges apply in addition to call rates above; please refer to the service price list. All calls are charged per second. Chargeable calls are rounded to the next whole penny. Revenue generating calls are rounded down to the next whole penny. We will endeavour to meet your requirement where a specific Service Charge is requested for a new number allocation, however, this cannot be guaranteed.

For 084/087 numbers customers are required to advertise the cost of the Service Charge in the following format: "Calls cost Xp per minute plus your phone company's access charge"
X = Service Charge

*Calls made from payphones to Freephone numbers carry a levy of 79ppm

**For Freephone numbers a Mobile Originating Levy of 3ppm + VAT will be added to the standard UK landline delivery cost
