Wherever practicable, thirty days (30) days written notice shall be given by the Company of such changes prior to them being made.
- 5.3 The Customer recognises and acknowledges that the Mobile Network Services depend on the availability of the Systems, which may from time to time, by their very nature, be adversely affected by physical features, atmospheric conditions and other causes of interference and that accordingly the Mobile Network Services and/or Systems may fail (including without limitation if there is a power failure or a power cut affecting the whole or part of the Mobile Network Services and/or Systems) or require maintenance without notice.

- 6.2 Where a Data Only Connection is being provided as a primary data circuit, as identified in the Order Form, the Customer shall be entitled to use such Services in accordance with and subject to the agreed data allowances as set out in the Order Form throughout the term of this Contract and any usage in excess of the agreed data allowance shall be charged in addition in accordance with the relevant Tariff.
- 6.3 Where a Data Only Connection is being provided as a quick start solution, as identified in the Order Form, the Customer shall be entitled to use such Services in accordance with the agreed data allowances as set out in the Order Form for a minimum period of 3 (three) months and then on a rolling monthly basis and the Customer shall be entitled to terminate such Services at any time following the end of such minimum period of 3 (three) months, provided that it gives not less than 1 (one) months' notice to the Company in writing at any time.
- 6.4 Where a Data Only Connection is being provided as a failover solution for other primary data connectivity services, it shall only be used by the Customer for any necessary failover of those primary circuits and not further or otherwise.   - b) a change in the costs charged to the Company by its suppliers.
- 7.3 Where the Company provides Equipment to the Customer under a Contract, a separate Equipment Charge will be payable to the Company for each month (or part thereof) during the Minimum Term and any element of the Term thereafter.

For the avoidance of doubt, the Equipment Charge is payable to the Company or its Assignee even if the Equipment cannot be used for any reason whatsoever and regardless of any problems or disputes relating to any Mobile Network Services, the Systems and/or the Carrier. The Equipment Charge is a separate and independent obligation of the Customer that, once paid, is not refundable for any reason save in the case of error.
- 7.5 The Customer shall be invoiced monthly in arrears for any usage based Charges (such as the Service Charges) and monthly in advance for any monthly access or other fixed Charges (including Equipment Charge) and shall pay the Charges within thirty (30) days of the date of the invoice (unless otherwise expressly agreed with the Company and set out in the Order Form) (the "Payment Date").

- 7.7 The Tariff and/or Equipment Charge that the Company makes available to the Customer are subject to the length of contract chosen by the Customer in the Order Form and the terms applicable to such Tariff and/or Equipment and are based upon the predicted or anticipated revenue over the Customer's contract term for Mobile Network Services (including any notice period). In the event that the Customer fails to make payment for the Mobile Network Services for (or otherwise breach the Contract during) the Minimum Term, and fails to make payment of any early termination charges (including without limitation, those Charges set out in paragraph 9.6, the Company reserves the right to invoice the Customer for such predicted or anticipated revenue at full retail price without discount, over the full applicable contract term including notice period and to recover any benefits received and losses incurred. - 7.8 The Customer shall pay all Charges (namely usage in excess of any allowances or bundles that may be comprised in the monthly Charge but without rebate for any unused element of such allowances or bundles, which shall not be carried forward) including without limitation any of the following: any charges incurred from other networks, virtual networks, premium rate and overseas cellular and network operators (without discount) and any handling charges set out in the Tariff. UK calls are billed per second and rounded up to the nearest penny. In addition, the Carriers may apply a fixed or minimum call charge, details of which can be found in the tariff terms and conditions on the relevant Carrier websites.
- 7.9 Any delay by the Company in invoicing any Charges shall not prohibit the Company from raising an invoice at a later date in respect of the same nor shall it relieve the Customer of liability to pay for the same.
- 7.10 Where the Customer is a Small Business Customer, then unless otherwise stated in the Order Form, in the event of any omission or delay by the Company in invoicing the Charges for Mobile Network Services in accordance with the Contract ("**Delayed Charges**") the Company shall not be prohibited from invoicing the Customer (and the Customer shall continue to be liable to pay the Company) for Delayed Charges, provided that such Delayed Charges are invoiced no later than:
  - a) the fourth monthly invoice after the month in which the Delayed Charges were incurred by the Customer (where the Customer is invoiced monthly for the applicable Charges); or
  - b) the next invoice after the invoice on which the Customer should have been invoiced for the Delayed Charges in accordance with the Contract (where the Customer is invoiced quarterly or less frequently than quarterly for the applicable Charges).
- 7.11 Unless the Customer is a Small Business Customer (in which case see paragraph 7.10), any omission or delay by the Company in invoicing the Charges for Mobile Network Services shall not prohibit the Company from raising an invoice at a later date in respect of the same nor shall it relieve the Customer of liability to pay the same.

- 7.12 The Customer's obligation to pay any Equipment Charge, any Termination Charge, Non-Return Charge or Damage Charges for Equipment, shall be a separate standalone debt obligation of the Customer.
